.....APPROVAL.....OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This secondary permit is subject to the terms and conditions under Permit 54907. The granting of this permit is not intended in any way to waive or affect authority or requirements of appropriate water quality control agencies or regulations. This permit is further issued subject to the provisions of NRS 533.395 and the State retains the right to regulate the use of water herein granted at any and all times.

This permit allows for a well to be drilled at the described point of diversion to capture the water which is discharged into the ground through the surface discharge system.

A quarterly report shall be submitted to the State Engineer which shows how much water is discharged from treatment plant and how much is pumped from the well on a monthly basis. The total amount of water allowed to be extracted from the well cannot exceed the amount of water discharged from the treatment plant as determined on a calendar year.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed.....1.0.....cubic feet per second, but not to exceed 112 acre-
.....feet annually.
